

# METATRON PRAYER FOR WORLD SPIRITUAL UNITY

**I AM DECLARING**

**The Light of God shines from one Candle  
This Light is aflame in every Heart**

**I AM DECLARING**

**Each Heart has potential for God-Realization  
This is all the Heart desires**

**I AM DECLARING**

**All beings are participating consciously or unconsciously in the spiritual process of Ascension  
All beings are evolving through the levels of consciousness available on Earth**

**I AM DECLARING**

**All individuated flames will know their Oneness with God  
In time all beings will be aflame in the Light of the Divine**

**I AM DECLARING**

**Throughout history all beings have sought unification with the Divine  
Religion is ritualization of this spiritual quest**

**I AM DECLARING**

**While the impulse at the heart of religion is pure its outer reflection often is not  
Reformation therefore goes hand-in-hand with religion**

**I AM DECLARING**

**The time for reformation of religion is over  
The time for transcendence of religion is now**

**I AM DECLARING**

**The healed heart needs neither externalized form nor prescribed rituals to commune with the Divine  
These forms and rituals are being replaced by the consciousness of Divine Immanence**

**I AM DECLARING**

**The return of the Mind to God is the fruit of the healing journey  
The synthesis which precedes transcendence occurs as each being finds Oneness within**

**I AM DECLARING**

**Remembrance of the healed heart is precipitating the Spiritual Awakening of all beings  
Transcendence of all separation is occurring through unification of all Hearts**

**I AM DECLARING ONE-HEART ONE-LIGHT ONE-MIND**

**I AM DECLARING WORLD SPIRITUAL UNITY**
